

# *parade* PRO TIPS

**TIMELINE:** Have your group gathered and ready to roll with plenty of time. We must stay on schedule.

12:50 National Anthem

12:55 Step off

**KEEP UP THE PACE!** The parade will be live-streamed on WATE and we've been asked to LIMIT GAPS in between parade units. To keep from having gaps, follow these tips:

- Keep a distance of 2 Car lengths between parade units
- If you are handing out materials, candy, etc., stay with-in the 2-Car spacing. Be mindful of the group behind and in front of you!
- Cars CAN NOT STOP on the parade route!
